

## Minutes by Janice!

The June meeting of DonkeyPals of NE Ohio met Wednesday, June 27 at Cogan's Restaurant in Burton, OH.

Several members remarked that the Maple Leaf's article featuring our donkeys was well received in the community with many favorable comments.

Congratulations are in order for donkey club member Missy Wholf. She has sold her motorcycle and is now the proud owner of miniature donkeys Grace and Spottie Dottie from Horse Creek Farm.

The Lake County Fair will have its first exhibit of a miniature donkey this year courtesy of Missy Wholf.

Janice Heller's two large standard donkeys are no longer just guests at Ms. Heller's Farm. Both Gerty and Radar have been recently trained to a two-wheeled cart. Gerty took to the cart so well that Ms. Heller is able to hitch up and drive her all by herself! Radar is driven by her husband, Frank.

Members helping members: Naomi St. Julian has traded her jennet Taylor to Wendy Nye for Wendy's jack Red Rover.

Lori Wargo discussed a way of determining early pregnancy of minis. Rental or purchase of an ultra sound machine could be a possibility for members.

Wendy Nye "lectured" on proper breeding techniques.

The next meeting will be a BBQ held at Cabinwood Farm on July 25<sup>th</sup> at 6pm. Spouses and friends of donkey members are invited.
